- **PG Dissertation Management System (Group Project) - for SIH 2023** link
  - Online integrate platform for managing and monitoring PG Dissertations.
  - Technologies - Next JS, MongoDb, Nodejs, HTML, Bootstrap CSS, JS

- **Chessssh - Chess game over SSH** link
  - Chess Go terminal application made in charmbraclet/bubbletea and Serve over SSH using wish
  - Used core concepts of GO - Goroutine, Channels, Mutex and Context

- **Triva - Quiz App (Team project) - currently working**
  - Quiz game hosting application
  - Technology:
    - Svelte with typescript on the front end, link
    - Golang with fiber framework for the backend Postgres for database and Redis for session management link

Experience

- **SDE Intern - Eywa Solutions**   *January 2024 - Present*
  Data Visualization - Power Bi

Achievements

- **Smart India Hackathon 2023 Finalist**
- **Power Bi Hackathon Winner - Organized By LOL Coding Club WIT**
  - Created Titanic Survival Analysis Dashboard using Power Bi

Technical Skills

- Golang, Javascript, Python, C, Java
- Web Dev - React.js, Nextjs, Node.js
- Data Structures & Algorithms
- Machine learning
- Docker
- Git, GitHub
- Object Oriented Programming
- Data Analysis: Power BI
- MySQL , Postgres, MongoDB
- Cloud - AWS

Soft Skills

- Leadership
- Teamwork
- Problem-Solving
- Communication
- Adaptability
